SUMMARY ANALYSIS

HB 117 authorizes state correctional probation officers traveling by privately owned vehicle while engaged in a law enforcement or correctional duty to receive the Internal Revenue Service business standard mileage rate rather than the current 29 cents per mile allowed to state travelers.

If correctional probation officers travel the same number of miles in FY 2006-2007 as traveled in FY 2004-2005, and if the business standard mileage rate for the use of an automobile stays at 44.5 cents, this bill will require state government to expend an additional \$1,911,679 every year.

The bill does not appear to create, modify, or eliminate rulemaking authority.

Pursuant to House Rule 7.9(c), the Governmental Operations Committee will consider the introduction of a House combined bill, the substance of which will be drawn from HB 117 and HB 477.

This document does not reflect the intent or official position of the bill sponsor or House of Representatives.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide limited government – The bill increases the mileage allowance for state correctional probation officers.

B. EFFECT OF PROPOSED CHANGES:

Present Situation – Per Diem

Section 112.061, Florida Statutes, governs the per diem and travel expenses of agencies' public officers, employees, and authorized persons. Currently, travelers using privately-owned vehicles are entitled to a mileage allowance of 29 cents per mile or the common carrier fare for the travel, as determined by the agency head.

Present Situation – Correctional Probation Officers

Section 943.10(3), Florida Statutes, defines a correctional probation officer:

"A person who is employed full time by the state whose primary responsibility is the supervised custody, surveillance, and control of assigned inmates, probationers, parolees, or community controllees within institutions of the Department of Corrections or within the community. The term includes supervisory personnel whose duties include, in whole or in part, the supervision, training, and guidance of correctional probation officers, but excludes management and administrative personnel above, but not including, the probation and parole regional administrator level."

The Department of Corrections indicates that there are approximately 2,357 correctional probation officers supervising various offenders.¹ The Department of Corrections estimates that these officers drive 436 miles per month, on average.²

Proposed Changes

The bill authorizes correctional probation officers traveling by privately owned vehicle while engaged in a law enforcement or correctional duty to receive the Internal Revenue Service business standard mileage rate.

Beginning January 1, 2006, the business standard mileage rate for the use of a car is 44.5 cents per mile.³ This new rate for business miles compares to a rate of 40.5 cents per mile for the first eight months of 2005.⁴ In September 2005, the IRS made a special one-time adjustment for the last four months of 2005, raising the rate for business miles to 48.5 cents per mile in response to a sharp increase in gas prices.⁵

C. SECTION DIRECTORY:

Section 1 amends section 112.061, Florida Statutes, to provide for an increased mileage allowance for correctional probation officers.

Section 2 provides an effective date of July 1, 2006.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

This bill does not appear to create, modify, amend, or eliminate a state revenue source.

2. Expenditures:

According to the Department of Corrections, correctional probation officers utilized their privately owned vehicles for state business for a total 12,333,411 miles from July 1, 2004, through June 30, 2005.⁶ Reimbursement at 29 cents per mile totaled \$3,576,689.

If correctional probation officers travel the same number of miles in FY 2006-2007, and if the business standard mileage rate for the use of a car stays at 44.5 cents, this bill will require state government to expend an additional \$1,911,679 every year.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

This bill does not appear to create, modify, amend, or eliminate a local revenue source.

2. Expenditures:

This bill does not appear to create, modify, amend, or eliminate a local expenditure.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

This bill does not appear to have a direct economic impact on the private sector.

D. FISCAL COMMENTS:

None.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

This bill does not appear to require counties or municipalities to spend funds or to take an action requiring the expenditure of funds. This bill does not reduce the percentage of a state tax shared with counties or municipalities. This bill does not reduce the authority that municipalities have to raise revenue.

2. Other:

There do not appear to be any other constitutional issues.

B. RULE-MAKING AUTHORITY:

The bill does not appear to create, modify, or eliminate rulemaking authority.

C. DRAFTING ISSUES OR OTHER COMMENTS:

Other Comments – House Combined Bill

Pursuant to House Rule 7.9(c), the Governmental Operations Committee will consider the introduction of a House combined bill, the substance of which will be drawn from HB 117 and HB 477.

IV. AMENDMENTS/COMMITTEE SUBSTITUTE & COMBINED BILL CHANGES

SUMMARY ANALYSIS

HB 477 makes a number of changes relating to the per diem and travel expenses of public officers, employees, and authorized persons:

- Revises the legislative intent;
- Changes the rate of per diem from the 1981 rate of \$50 to \$90;
- Increases the subsistence reimbursement for meals from the 1981 rates: \$3 to \$5 for breakfast, \$6 to \$11 for lunch, and \$12 to \$23 for dinner;
- Raises the mileage allowance for use of a privately owned vehicle from 29 cents per mile, which was established in 1994, to the rate of 38 cents per mile; and
- Removes duplicative or incorrect language and makes minor grammatical changes.

The bill does not appear to create, modify, or eliminate rulemaking authority.

This bill appears to have a fiscal impact on state government expenses, but the extent of this impact is unknown.

This bill does not appear to have a fiscal impact on local governments.

HB 477 may meet the criteria for a mandate under the provisions of section 18 (a), article VII, of the State Constitution. The bill *does not* appear to meet the requirements for effectively binding affected counties and municipalities by containing the required statement that the bill fulfills an important state interest and applies to all persons similarly situated.

Pursuant to House Rule 7.9(c), the Governmental Operations Committee will consider the introduction of a House combined bill, the substance of which will be drawn from HB 117 and HB 477.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide limited government – The bill increases the standard per diem, subsistence, and mileage rates for public officers, public employees, or authorized persons performing authorized travel.

B. EFFECT OF PROPOSED CHANGES:

Section 112.061, Florida Statutes (2005), sets forth the per diem and travel expenses of public officers,¹ employees,² and authorized persons³ when performing authorized travel.⁴

A version of this section was first enacted by the Legislature in 1945.⁵ Much of the current form of this section, however, dates back to 1963.⁶

This bill changes five aspects of section 112.061, Florida Statutes: (1) legislative intent, (2) authority to incur travel expenses, (3) rates of per diem and subsistence allowance, (4) transportation reimbursement, and (5) travel authorization and voucher forms.

Legislative Intent

Subsection (1) of section 112.061, Florida Statutes sets forth the legislative intent. It recognizes the existence of “inequities, conflicts, inconsistencies, and lapses in the numerous laws regulating or attempting to regulate travel expenses of public officers, employees, and authorized persons in the state.” The expressed intent of the Legislature is to remedy these inequities, conflicts, inconsistencies, and lapses by establishing uniform maximum rates applicable to all public officers, employees, and authorized persons whose travel expenses are paid by a public agency, along with limitations and exceptions.⁷

This subsection also sets forth the legislative intent to preserve standardization and uniformity by prevailing over any conflicting provisions in special law, local law, or general law – unless the general law contains a specific exemption.⁸

This bill changes the legislative intent to note the existence of travel reimbursement rates for state agencies, maximum travel reimbursement rates for counties, county constitutional officers, district school boards, independent special districts (which are referred to as “nonstate public agencies”), and the limitations on all public agencies. The bill also utilizes the definition of traveler, modified by the word authorized, in lieu of “public officers, employees, and authorized persons.”

¹ Fla. Stat. § 112.061(2)(c) (2005) (“An individual who in the performance of his or her official duties is vested by law with sovereign powers of government and who is either elected by the people, or commissioned by the Governor and has jurisdiction extending throughout the state, or any person lawfully serving instead of either of the foregoing two classes of individuals as initial designee or successor.”)

² Fla. Stat. § 112.061(2)(d) (2005) (“An individual, whether commissioned or not, other than an officer or authorized person as defined herein, who is filling a regular or full-time authorized position and is responsible to an agency head.”)

³ Fla. Stat. § 112.061(2)(e) (2005) (“A person other than a public officer or employee as defined herein, whether elected or commissioned or not, who is authorized by an agency head to incur travel expenses in the performance of official duties; a person who is called upon by an agency to contribute time and services as consultant or adviser; or a person who is a candidate for an executive or professional position.”)

⁴ Fla. Stat. § 112.061(2)(f) (2005) (“Traveler—A public officer, public employee, or authorized person, when performing authorized travel.”)

Authority to Incur Travel Expenses

Subsection (3) relates to the authority to incur travel expenses. The only changes the bill makes to this subsection are to remove an unnecessary reference to “authorized persons” in the paragraph on costs of per diem of travelers⁹ for foreign travel and to make a conforming change to the word “maximum” (to “rate”) in the paragraph related to the Department of Health.

Rates of Per Diem and Subsistence Allowance

Subsection (6) relates to rates of per diem and subsistence allowance. When traveling as Class A travel (24 hours or more) or Class B travel (less than 24 hours, but overnight) to a convention or conference or within or outside the state on state business, travelers are currently allowed to choose one of two types of “subsistence” reimbursements: (1) a \$50 per diem; or (2) actual expenses for lodging at a single-occupancy rate and a set reimbursement for meals, if actual expenses exceed \$50.¹⁰ The meal reimbursement rate is the same as that set for Class C (short or day trips): \$3 for breakfast, \$6 for lunch, and \$12 for dinner.¹¹ These meal and per diem rates were established in 1981.¹²

This bill increases the per diem rate to \$90 and increases the subsistence reimbursement rate for meals: \$5 for breakfast, \$11 for lunch, and \$23 for dinner.

Transportation Reimbursement

Subsection (7) relates to transportation. It authorizes the use of privately owned vehicles for official travel instead of publicly owned vehicles or common carriers.¹³ Travel using a privately owned vehicle is reimbursed at a fixed rate of 29 cents per mile or the common carrier fare for such travel, as determined by the agency head. The current mileage reimbursement rate was established in 1994.¹⁴

This bill increases the mileage allowance for travel using a privately owned vehicle to 38 cents per mile and makes it an economical determination by the agency head to pay the common carrier fare instead.

Travel Authorization and Voucher Forms

Subsection (11) relates to travel authorization and voucher forms. This bill makes minor grammatical changes to this subsection.

C. SECTION DIRECTORY:

Section 1: Amends section 112.061, Florida Statutes, related to the per diem and travel expenses of public officers, employees, and authorized persons.

Section 2: Provides an effective date of July 1, 2006.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

⁹ The definition of “traveler” includes “authorized person,” *supra* note 4.

¹⁰ Fla. Stat. § 112.061(6)(a) (2005).

¹¹ Fla. Stat. § 112.061(6)(b) (2005).

¹² Ch. 81-207, Laws of Fla.

¹³ Fla. Stat. § 112.061(7)(d)1. (2005) (Authorized by the agency head or her or his designee).

¹⁴ Ch. 94-139, Laws of Fla.

This bill does not appear to create, modify, amend, or eliminate a revenue source of state government.

2. Expenditures:

With the increases to the per diem, subsistence, and mileage reimbursement rates, this bill will create, modify, and amend an expenditure of state government, but the extent of this expenditure is not known at this time.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

This bill does not appear to create, modify, amend, or eliminate a revenue source of local governments.

2. Expenditures:

Because counties, constitutional officers, and independent special districts are bound by the increases to the per diem, subsistence, and mileage reimbursement rates, this bill will create, modify, and amend an expenditure of local governments, but the extent of this expenditure is not known at this time.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

This bill does not appear to have a direct economic impact on the private sector.

D. FISCAL COMMENTS:

None.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

This bill does not appear to reduce the percentage of a state tax shared with counties or municipalities. This bill does not appear to reduce the authority that municipalities have to raise revenue.

This bill may, however, require counties to spend funds or to take an action requiring the expenditure of funds.¹⁵ The bill does not appear to satisfy the requirements of section 18 of article VII of the Florida Constitution¹⁶ because it does not provide that the act fulfills an important state interest and the expenditures are required by a law which appears to apply to all persons similarly situated, including the state and local governments.

¹⁵ Fla. Stat. § 112.061(14) (2005) (This subsection was added in 2003 and allows the counties, county constitutional officers, district school boards, and independent special districts to establish rates that *exceed* the maximum travel reimbursement rates. Depending on how section 112.061, Florida Statutes, and opinions of the Attorney General (related to municipalities) are interpreted, counties and county constitutional officers may have to reimburse at the rates prescribed by this bill.)

¹⁶ Section 18 of article VII of the Florida Constitution provides that counties and municipalities may not be bound by a general law requiring a county or municipality to spend funds or take an action requiring the expenditure of funds unless it fulfills an important state interest and one of five criteria is met: (1) funds have been appropriated that have been estimated at the time of enactment to be sufficient to fund such expenditure; (2) the legislature authorizes or has authorized a county or municipality to enact a funding source not available for such county or municipality on February 1, 1989, that can be used to generate the amount of funds estimated to be sufficient to fund such expenditure by a simple majority vote of the governing body of such county or municipality; (3) the law requiring such expenditure is approved by two-thirds of the membership in each house of the legislature; (4) the expenditure is required to comply with a law that applies to all persons similarly situated, including the state and local governments; or (5) the law is either required to comply with a federal requirement or required for eligibility for a federal entitlement, which federal requirement specifically contemplates actions by counties or municipalities for compliance.

2. Other:

There do not appear to be any other constitutional issues.

B. RULE-MAKING AUTHORITY:

The bill does not appear to create, modify, or eliminate rulemaking authority.

C. DRAFTING ISSUES OR OTHER COMMENTS:

Other Comments – House Combined Bill

SUMMARY ANALYSIS

The bill creates the Statewide Office for Suicide Prevention in the Office of Drug Control within the Executive Office of the Governor.

Subject to a specific appropriation, the bill requires the director of the Office of Drug Control to employ a coordinator for the Statewide Office for Suicide Prevention and specifies the education, experience, and skills to consider when hiring such coordinator. Duties of the coordinator include facilitating an interagency workgroup, reviewing suicide prevention programs to identify innovative models, developing and maintaining an Internet website related to suicide prevention, and assisting in the development of public awareness and media campaigns.

The bill also creates a Suicide Prevention Coordinating Council of 26 members in the Office of Drug Control. The coordinating council must create a statewide plan for suicide prevention and create a state interagency workgroup in order to incorporate state agency plans for suicide prevention into the statewide plan.

The bill specifies the membership, terms of office, and the duties of both the council and the workgroup. The coordinating council must make findings and recommendations regarding suicide prevention programs and activities, and must report annually to the Governor and the Legislature.

The bill authorizes one FTE and appropriates \$100,000 from the General Revenue Fund to the Office of Drug Control to implement the provisions of the bill for fiscal year 2006-2007.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide limited government – The bill provides for one additional FTE: a coordinator for the Statewide Office for Suicide Prevention, and a \$100,000 budget to implement the provisions of the bill for fiscal year 2006-2007. The bill provides no additional staff or administrative support for the required work of the Statewide Office, the Coordinating Council, or the interagency workgroup. If existing staff within the Office of Drug Control assume those duties, it will increase the work responsibilities of those individuals.

The bill creates a new coordinating council with 26 members. The bill requires state employees to serve on both the coordinating council and the interagency workgroup, which adds to their work-related responsibilities. The coordinating council and the coordinator must report annually on their activities to the Governor, the President of the Senate, and the Speaker of the House of Representatives.

B. EFFECT OF PROPOSED CHANGES:

Background – Suicide

Florida currently ranks 15th in the nation for the number of suicides. There were 2,294 suicides in the state during 2003, making it the ninth leading cause of death for the overall population. Suicide has been identified as the third leading cause of death for 15-24 year olds, the second leading cause of death for 25-34 year olds, and the fifth leading cause of death for 35-44 year olds.¹

While suicide is often characterized as a response to a single event or set of circumstances, suicide is, in fact, an outcome of complex interactions among neurobiological, genetic, psychological, social, cultural, and environmental risk and protective factors. The factors that contribute to any particular suicide are diverse; therefore, it is generally believed that efforts related to prevention must incorporate multiple approaches.²

The Florida Youth Emotional Development and Suicide Prevention Act, passed by the Legislature in 1984, declared the prevention of suicide by youths to be a priority of the state. The Act was considered landmark legislation, which resulted in Florida being recognized nationally as one of a handful of states passing legislation to establish a statewide program to promote positive development of youths and prevent suicide through coordinated educational efforts at the state and local levels. As a result of the legislation, the Department of Education, Department of Law Enforcement, and Department of Health and Rehabilitative Services (now the Department of Children and Family Services) worked together to develop ways to inform people about the problem of youth suicide and actions that should be taken to prevent suicides.³

In 2000, the Governor directed the Office of Drug Control⁴ to assist in decreasing the incidence of suicide in Florida. The director of the Office of Drug Control convened a workgroup to establish an infrastructure for a state suicide prevention task force, now called the Florida Task Force on Suicide

³ All of the activities of these state agencies, and of the district and state task forces, including the development of a training guide, were accomplished by using existing resources and with the help of volunteers, including parent survivors of youth suicide. See Florida Youth Suicide Prevention Study, Report to the Florida State Legislature. Louis de la Parte Florida Mental Health Institute, University of South Florida. 1999.

⁴ The Florida Office of Drug Control was created in 1999 within the Executive Office of the Governor (Chapter 99-187, Laws of Florida) to coordinate Florida's efforts related to the reduction of drug abuse and its consequences to the state. See section 397.332, Florida Statutes.

Prevention. In August 2002, the task force released a Statewide Suicide Prevention Strategy paper to provide policy direction to state and community leaders in order to decrease the incidence of youth suicide in Florida. The paper contained three stated goals:

- To decrease the incidence of suicide in Florida by one third (from approximately 14.1 per 100,000 in 2001 to approximately 9.4 per 100,000 by the end of 2010);
- To decrease the incidence of teen suicide in Florida by one third (from approximately 9.5 per 100,000 in 2001 to approximately 6.3 per 100,000 by the end of 2010); and
- To decrease the incidence of elder suicide in Florida by one third (from approximately 20 per 100,000 in 2001 to approximately 13.3 per 100,000 by the end of 2010).⁵

Background – Organizational Structure

Chapter 14, F.S., describes the organizational structure of the Executive Office of the Governor (EOG).⁶ Section 397.332, F.S. creates the Office of Drug Control inside the EOG. Chapter 20, F.S., defines several types of advisory bodies:

Name	Duration	Additional Comment
“Council” or “Advisory Council”	“[O]n a continuing basis...”	Created by specific statutory enactment and intended to focus on a specific function or program area. Provides recommendations and policy alternatives.
“Committee” or “Task Force”	1 year (without specific statutory enactment); 3 years (with specific statutory enactment)	Appointed to study a particular problem and recommend a solution. Existence terminates upon completion of assignment.
“Coordinating Council”	Not explicitly stated.	An interdepartmental advisory body – one department has primary responsibility but other agencies have an interest.
“Commission”	Not explicitly stated.	Exercises quasi-legislative or quasi-judicial power, and its members must generally be confirmed by the Legislature.

Pursuant to s. 20.052, F.S., the creation of any new advisory body requires the following findings or requirements:

- It must be necessary and beneficial to the furtherance of a public purpose.
- It must be terminated by the Legislature when it is no longer necessary and beneficial to the furtherance of a public purpose.
- The Legislature and the public must be kept informed of its activities and expenses,
- It meets a statutorily defined purpose.
- Its powers and responsibilities conform to the definitions for governmental units in s. 20.03, F.S. (outlined in the table above).
- Its members, unless expressly provided otherwise in the State Constitution, are appointed for 4-year staggered terms.

⁵ Florida Suicide Prevention Strategy. Office of Drug Control, Executive Office of the Governor. January 2005. Available online at: http://www.myflorida.com/myflorida/government/governorinitiatives/drugcontrol/pdfs/suicide_prevent.pdf

⁶ Chapter 20, F.S., governs the organizational structure of the Executive Branch. Section 20.04, F.S., governs the creation of additional entities while the creation of advisory bodies is governed by s. 20.03, F.S., which provides substantive definitions for several types of advisory bodies and by s. 20.052, F.S., which sets forth requirements for all advisory bodies.

- Its members, unless expressly provided otherwise by specific statutory enactment, serve without additional compensation or honorarium, and are authorized to receive only per diem and reimbursement for travel expenses as provided in s. 112.061, F.S.

In addition, the agency head or the Governor appoints private citizen members of a committee or council. Private citizen members of a commission or board of trustees are appointed by the Governor and confirmed by the Legislature, and are subject to the dual-office-holding prohibition of s. 5(a), Art. II of the State Constitution. All meetings of any entity are public, and minutes must be kept. Public records are maintained by the agency under which the entity is created.⁷

The Bill

The bill creates the Statewide Office for Suicide Prevention in the Office of Drug Control (office) within the Executive Office of the Governor and specifies duties for the office including:

- Developing a network of community-based programs to improve suicide prevention initiatives;
- Implementing the statewide plan prepared by the Suicide Prevention Coordinating Council;
- Increasing public awareness concerning topics relating to suicide prevention;
- Coordinating education and training curricula in suicide prevention efforts for professionals who may have contact with persons at risk of committing suicide; and
- Directing an interagency workgroup within the Suicide Prevention Coordinating Council.

Subject to a specific appropriation, the bill requires the director of the office to employ a coordinator of the Statewide Office for Suicide Prevention and specifies the education, experience, and skills to consider when hiring such coordinator. Duties of the coordinator include:

- Facilitating an interagency workgroup;
- Reviewing suicide prevention programs to identify innovative models;
- Developing and maintaining an Internet website related to suicide prevention; and
- Assisting in the development of public awareness and media campaigns.

The bill also creates a Suicide Prevention Coordinating Council (coordinating council) of 26 members in the office. The coordinating council is required, among other things, to create a statewide plan for suicide prevention and create a state interagency workgroup in order to incorporate state agency plans for suicide prevention into such statewide plan. The bill specifies the membership, terms of office, and the duties of both the coordinating council and the workgroup. The coordinating council must make findings and recommendations regarding suicide prevention programs and activities, and must report annually to the Governor and the Legislature.

Section 1. Creates section 397.3335, Florida Statutes, to create the Statewide Office for Suicide Prevention.

Section 2. Creates section 397.3336, Florida Statutes, to create the Suicide Prevention Coordinating Council.

Section 3. Authorizes one FTE and appropriates \$100,000 from the General Revenue Fund to the Office of Drug Control to implement the provisions of the bill for fiscal year 2006-2007.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

The bill authorizes the coordinator to seek grants and other methods of funding from the federal government and nongovernmental organizations. If such activities were successful, the Office of Suicide Prevention would receive additional revenue to further its stated activities.

2. Expenditures:

The bill authorizes one FTE and appropriates \$100,000 from the General Revenue Fund to the Office of Drug Control to implement the provisions of the bill for fiscal year 2006-2007.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

The bill does not create, modify, amend, or eliminate a local revenue source.

2. Expenditures:

The bill does not create, modify, amend, or eliminate a local expenditure.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

None.

D. FISCAL COMMENTS:

In a report of the Committee on Pathophysiology and Prevention of the Adolescent and Adult Suicide Board on Neuroscience and Behavioral Health, it was stated that the emotional cost of suicide is great and that for family and friends of suicide victims, the personal loss is most important. Nonetheless, an additional economic cost that society incurs with suicides consists of four factors:

- Medical expenses of emergency intervention and non-emergency treatment. These costs are not borne by the health care industry alone, but by all of society through higher health care costs that are ultimately passed on to workers and taxpayers;
- The lost and/or reduced productivity of people suffering from a suicide attempt;
- The lost productivity of the loved ones grieving a suicide; and
- Lost wages of those who commit suicide.⁸

Estimates of the economic costs of suicide vary, but a reduction in the number of suicide attempts and completed suicides would result in a reduction in costs related to medical treatment and hospitalizations, costs related to disability, and lost earnings.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

The bill does not require counties or municipalities to spend funds or to take an action requiring the expenditure of funds. The bill does not reduce the percentage of a state tax shared with counties or municipalities. The bill does not reduce the authority that municipalities have to raise revenue.

⁸ S. Goldsmith, T. Pellmar, et al. Reducing Suicide: A National Imperative. The National Academies Press. 2002.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

None.

C. DRAFTING ISSUES OR OTHER COMMENTS:

Chapter 20, F.S., provides for the organizational structure of the executive branch of state government and provides a uniform nomenclature for entities within that branch. The Legislature is not bound by the definitions contained in that chapter and may create executive branch entities that do not conform to the standard; however, consistency with that uniform nomenclature provides for greater consistency across state government entities. Section 20.04, F.S., does not currently contain a general definition for "office," although there are a few departments that are explicitly created with offices.⁹ Typically, such "offices" do not formally contain other "offices," but "units" or "sections." This bill creates an "office" (Statewide Office for Suicide Prevention) within an "office" (Office of Drug Control) within an "office" (the Executive Office of the Governor).

The bill provides multiple reporting requirements to the Governor and the Legislature, from both the coordinator and the coordinating council. It is difficult to determine whether these multiple reports are conflicting or duplicative. Specifically, the proposed s. 397.3336(1)(a), F.S., directs the coordinating council to "advise the Statewide Office... regarding the development of the plan," then details the requirements of the plan. Subsection (d) reiterates the general directive to "advise the Statewide Office." Details of the plan may be better placed in proposed s. 397.3335, F.S.

Among the requirements in section 20.052, F.S., is the staggering of 4-year terms, when creating any advisory body. The bill does not meet this statutory requirement.

IV. AMENDMENTS/COMMITTEE SUBSTITUTE & COMBINED BILL CHANGES

On January 25, 2006, the Future of Florida's Families Committee adopted four amendments to the bill which:

- Increases the number of members of the Suicide Prevention Coordinating Council (council) from 25 to 26 members by adding a representative from the Florida Counseling Association to the council membership. This increases the number of appointees to be appointed by the director of the Office of Drug Control from 11 to 12; and
- Authorizes one FTE and appropriates \$100,000 from the General Revenue Fund to the Office of Drug Control to implement the provisions of the bill for fiscal year 2006-2007.

The bill was reported favorably with committee substitute.

⁹ See, for example, s. 20.04(4)(5) and (6), Florida Statutes, where the Departments of Children and Family Services, Corrections and Transportation are specifically created to be outside of the uniform structure provided by chapter 20, Florida Statutes.

SUMMARY ANALYSIS

In late 2005, an Orlando television station published on its website personal information regarding holders of a concealed weapon license. The television station along with members of the Florida Legislature received numerous complaints concerning the Internet publication of such information.

The bill creates a public records exemption for personal identifying information, names, addresses, birth dates, social security numbers, phone numbers, and license numbers of individuals who have applied for or received a license to carry a concealed weapon or firearm. It authorizes the release of the information under certain circumstances. The bill provides for future review and repeal of the exemption and provides a statement of public necessity.

The bill does not grant rule-making authority to any administrative agency.

The bill could have a minimal fiscal impact on state government. It does not appear to have a fiscal impact on local governments.

The bill requires a two-thirds vote of the members present and voting for passage.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide limited government – The bill decreases access to public records.

B. EFFECT OF PROPOSED CHANGES:

Background

Current law authorizes the Department of Agriculture and Consumer Services (department) to issue licenses to carry concealed weapons or concealed firearms¹ to qualified persons.² The license is valid in Florida for five years from the date of issuance. The license must include a color photograph of the licensee. The licensee must carry the license and valid identification at all times when in possession of the concealed weapon or firearm.³

An applicant for such license must submit to the department a completed application, a nonrefundable license fee, a full set of fingerprints, a photocopy of a certificate or an affidavit attesting to the applicant's completion of a firearms course, and a full frontal view color photograph⁴ of the applicant.⁵ The application must include:

- The name, address, place and date of birth, race, and occupation of the applicant;
- A statement that the applicant is in compliance with licensure requirements;
- A statement that the applicant has been furnished with a copy of chapter 790, F.S., relating to weapons and firearms;
- A warning that the application is executed under oath; and
- A statement that the applicant desires a concealed weapon or firearms license as a means of lawful self-defense.⁶

From 2005 to 2006, the department received 30,267 new applications and 34,182 renewal applications. Of those, the department issued 29,235 new licenses and 34,093 renewal licenses.⁷

Information submitted as part of the application process is a public record. In late 2005, an Orlando television station published on its website application information regarding holders of a concealed weapon license. The television station along with members of the Florida Legislature received numerous complaints concerning the Internet publication of such information.

Effect of Bill

The bill creates a public records exemption for personal identifying information, names, addresses, birth dates, social security numbers, phone numbers, and license numbers of individuals who have applied for or received a license to carry a concealed weapon or firearm. The exemption appears redundant as information such as the name, address, and social security number is, essentially, personal identifying information.

The Division of Licensing of the department must release the information:

- With the written consent of the applicant or licensee or his or her legally authorized representative.
- By court order upon a showing of good cause.
- Upon request by law enforcement in the performance of their lawful duties.

The bill provides for future review and repeal of the exemption on October 2, 2010. It also provides a statement of public necessity.

C. SECTION DIRECTORY:

Section 1 amends s. 119.0712, F.S., to create a public records exemption for certain information concerning an applicant for or holder of a concealed weapon or firearm license.

Section 2 provides a public necessity statement.

Section 3 provides a July 1, 2006, effective date.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

This bill does not create, modify, amend, or eliminate a state revenue source.

2. Expenditures:

The bill likely could create a fiscal impact on the Department of Agriculture and Consumer Services, because staff responsible for complying with public records requests will require training relating to the newly created public records exemption. In addition, the department could incur costs associated with redacting the exempt information prior to releasing a record.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

This bill does not create, modify, amend, or eliminate a local revenue source.

2. Expenditures:

This bill does not create, modify, amend, or eliminate a local expenditure.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

None.

D. FISCAL COMMENTS:

None.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

The bill does not require counties or municipalities to spend funds or to take an action requiring the expenditure of funds. The bill does not reduce the percentage of a state tax shared with counties or municipalities. The bill does not reduce the authority that municipalities have to raise revenue.

2. Other:

Vote Requirement

Article I, s. 24(c) of the State Constitution, requires a two-thirds vote of the members present and voting for passage of a newly created public records or public meetings exemption. The bill creates a public records exemption. Thus, the bill requires a two-thirds vote for passage.

Public Necessity Statement

Article I, s. 24(c) of the State Constitution, requires a statement of public necessity (public necessity statement) for a newly created public records or public meetings exemption. The bill creates a public records exemption. Thus, the bill includes a public necessity statement.

Overly Broad

Article I, s. 24(c) of the State Constitution, requires that an exemption be no broader than necessary to accomplish its stated purpose. The public necessity statement provides the purpose for the public records exemption. The stated purpose for this exemption is to protect applicants and licensees from profiling, harassment, theft, harm, and abuse "based solely on their choice to own firearms." Based on the public necessity statement, it is unclear why the license number is protected from public disclosure. If personal identifying information is protected then protection of the license number does not appear necessary. As such, the exemption could be considered overly broad.

B. RULE-MAKING AUTHORITY:

This bill does not grant rule-making authority to any administrative agency.

C. DRAFTING ISSUES OR OTHER COMMENTS:

Drafting Issues

The bill places the public records exemption in chapter 119, F.S., which typically houses exemptions applicable to all agencies. It appears that placement of the exemption in chapter 790, F.S., is more appropriate as that chapter specifically concerns weapons and firearms. The records custodian for the department might be more apt to look for the public records exemption in the latter chapter.

Further, the bill makes the application information exempt from public records requirements; however, the bill later refers to the information as confidential and exempt. There is a difference between records that are exempt from public records requirements and those that are confidential and exempt. If the Legislature makes a record confidential and exempt, such record cannot be released by an agency to anyone other than to the persons or entities designated in the statute.⁸ If a record is simply made exempt from disclosure requirements, an agency is not prohibited from disclosing the record in all circumstances.⁹ As such, an amendment to address the language inconsistencies is needed.

Public Records Law

Article I, s. 24(a), Florida Constitution, sets forth the state's public policy regarding access to government records. The section guarantees every person a right to inspect or copy any public record of the legislative, executive, and judicial branches of government. The Legislature, however, may provide by general law for the exemption of records from the requirements of Article I, s. 24(a), Florida Constitution. The general law must state with specificity the public necessity justifying the exemption (public necessity statement) and must be no broader than necessary to accomplish its purpose.

⁸ See Attorney General Opinion 85-62.

⁹ See *Williams v. City of Minneola*, 575 So.2d 683, 687 (Fla. 5th DCA), review denied, 589 So.2d 289 (Fla. 1991).

Public policy regarding access to government records is further addressed in the Florida Statutes. Section 119.07(1), F.S., also guarantees every person a right to inspect, examine, and copy any state, county, or municipal record. Furthermore, the Open Government Sunset Review Act¹⁰ provides that a public records or public meetings exemption may be created or maintained only if it serves an identifiable public purpose, and may be no broader than is necessary to meet one of the following public purposes: 1. Allowing the state or its political subdivisions to effectively and efficiently administer a governmental program, which administration would be significantly impaired without the exemption; 2. Protecting sensitive personal information that, if released, would be defamatory or would jeopardize an individual's safety. However, only the identity of an individual may be exempted under this provision; or, 3. Protecting trade or business secrets.

57 from the Department of Agriculture and Consumer Services. The
58 applicant for a license to carry a concealed weapon or firearm
59 must state that he or she desires a legal means to carry a
60 concealed weapon or firearm for lawful self-defense. The
61 knowledge that someone has a license to carry a concealed weapon
62 or firearm can very easily lead to the conclusion that the
63 licenseholder has in fact armed himself or herself. As the
64 Legislature has found in prior legislative sessions and has
65 expressed in s. 790.335(1)(a)2., Florida Statutes, "a list,
66 record, or registry of legally owned firearms or law-abiding
67 firearm owners is not a law enforcement tool and can become an
68 instrument for profiling, harassing, or abusing law-abiding
69 citizens based on their choice to own a firearm and exercise
70 their Second Amendment right to keep and bear arms as guaranteed
71 under the United States Constitution. Further, such a list,
72 record, or registry has the potential to fall into the wrong
73 hands and become a shopping list for thieves." The Legislature
74 also finds in s. 790.335(1)(a)3., Florida Statutes, that "a
75 list, record, or registry of legally owned firearms or law-
76 abiding firearm owners is not a tool for fighting terrorism, but
77 rather is an instrument that can be used as a means to profile
78 innocent citizens and to harass and abuse American citizens
79 based solely on their choice to own firearms and exercise their
80 Second Amendment right to keep and bear arms as guaranteed under
81 the United States Constitution." The Legislature has in the past
82 stated that it is the intent of the Legislature to protect the
83 privacy rights of law-abiding firearm owners as well as to
84 protect the right of individuals to keep and bear arms as

HB 687

85 guaranteed under both the Second Amendment to the United States
86 Constitution and s. 8, Art. I of the State Constitution. Because
87 no compilation of this information exists outside the Division
88 of Licensing of the Department of Agriculture and Consumer
89 Services, such a compilation would be of significant value to a
90 person who might desire to profile, harass, steal from, harm, or
91 abuse those who have a license to carry a concealed weapon or
92 firearm. Consequently, the Legislature finds that personal
93 identifying information and license numbers contained in records
94 maintained by the Division of Licensing of the Department of
95 Agriculture and Consumer Services of individuals who have
96 applied for or received a license to carry a concealed weapon or
97 firearm pursuant to chapter 790, Florida Statutes, must be held

SUMMARY ANALYSIS

During the 2005 Regular Session, the Legislature reenacted and saved from repeal the public records exemption that accompanies the interference with custody statute. Because the statute contained substantive language inconsistencies, the repeal date was extended from October 2, 2005, to October 2, 2006, in order to trigger an additional review of the substantive language.

The bill revises the interference with custody statute. It broadens an existing exception to the statute making the exception available to any person having a legal right to custody of a minor, rather than simply to a spouse. The exception is applicable not only to the taking of a child but also to the taking of an incompetent person.

The bill also revises an existing defense under the statute. In order to utilize a defense based on being a victim of domestic violence, a defendant must establish that he or she reasonably believed the action of taking the minor or incompetent person was necessary in order to escape from the violence or preserve the minor or incompetent person from exposure to the violence. It revises a second defense, to require that, in order to utilize the defense that the child or incompetent person instigated his or her own taking, a defendant must establish that it was reasonable to rely on the instigating actions of the minor or incompetent person.

The bill clarifies existing language to specify that the exception to prosecution applies to the specific offenses of interference with custody.

The interference with custody statute will repeal on October 2, 2006, if this bill does not become law.

The bill does not appear to create, modify, or eliminate rulemaking authority.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Safeguard individual liberty – The bill broadens the exception to the interference with custody statute making it available to *any person* having a legal right to custody of a minor, rather than simply to spouses. The exception is applicable not only to the taking of a child but also to the taking of an incompetent person.

Empower Families – The bill broadens the exception to the interference with custody statute making it available to *any person* having a legal right to custody of a minor, rather than simply to spouses. The exception also applies to the taking of an incompetent person.

B. EFFECT OF PROPOSED CHANGES:

Background

Interference with Custody

In 1974, the Legislature created the offense of interference with custody. At present, there are two variations to the offense:

- It is a third-degree felony for any person, without legal authority, to knowingly or recklessly take a child 17 years of age or under or any incompetent person from the custody of his or her parent, guardian, a public agency in charge of the child or incompetent person, or any other lawful custodian.¹
- It is a third-degree felony, in the absence of a court order determining custody or visitation rights, for a parent, stepparent, guardian, or relative who has custody of a child or incompetent person to take or conceal the child or incompetent person with a malicious intent to deprive another person of his or her right to custody.²

There are three statutory defenses to the offense of interference with custody:

- The defendant reasonably believes that his or her action was necessary to protect the child or incompetent person from danger to his or her welfare.
- The defendant was the victim of an act of domestic violence or had reasonable cause to believe that his or her action was necessary to protect himself or herself from an act of domestic violence.
- The child or incompetent person was taken at his or her own instigation without enticement and without purpose to commit a criminal offense with or against the child or incompetent person.³

The statute does not apply if a spouse flees with a child or incompetent person because he or she:

- Is the victim of domestic violence or reasonably believes that he or she is about to become a victim of such violence; or
- Believes the welfare of the child or incompetent person is in danger.⁴

This exception to the statute does not apply to a person fleeing with an incompetent person for the aforementioned reasons.

In order to avail himself or herself of the exception for spouses, a person who takes a child must file a report with the sheriff's office or the state attorney's office of the county where the child resided at the

³ Section 787.03(4)(a)-(c), F.S.

time he or she was taken. Within 10 days of taking the child, the report must be filed and must contain the name of the person taking the child, the current address and telephone number of the person and child, and the reasons the child was taken.⁵ Within a reasonable time, the person also must commence a custody proceeding consistent with the federal Parental Kidnapping Prevention Act or the Uniform Child Custody Jurisdiction and Enforcement Act.⁶

Public Records Exemption

The name of the person taking the child and the current address and telephone number of that person and the child, which are contained in the report made to the sheriff or state attorney, are confidential and exempt from public records requirements.⁷ The public records exemption was scheduled for repeal on October 2, 2005, because of the Open Government Sunset Review Act. During the 2005 Regular Session, the Legislature reenacted the public records exemption and saved it from repeal. Because the interference with custody statute contained substantive language inconsistencies, the repeal date was extended from October 2, 2005, to October 2, 2006, in order to trigger an additional review of the substantive language.⁸

Effect of Bill

The bill revises the interference with custody statute to broaden an existing exception for a spouse who takes a minor during the course of fleeing domestic violence or protecting the welfare of the minor and reports their whereabouts to the sheriff or state attorney. The bill broadens the exception by making it available to *any person* having a legal right to custody of a minor, rather than simply to a spouse. The exception is applicable not only to the taking of a minor but also to the taking of an incompetent person.

The bill revises an existing defense under the statute. In order to utilize a defense based on being a victim of domestic violence, a defendant must establish that he or she reasonably believed the action of taking the minor or incompetent person was necessary in order to escape from the violence or preserve the minor or incompetent person from exposure to the violence. It revises a second defense, to require that, in order to utilize the defense that the minor or incompetent person instigated his or her own taking, a defendant must establish that it was reasonable to rely on the instigating actions of the minor or incompetent person.

The bill makes the offense of interference with custody applicable to the taking of a minor, replacing the term "child 17 years of age or under" with the term "minor," in order to avoid ambiguity over whether the law covers the taking of a child in the months between his or her 17th and 18th birthdays.

The bill clarifies existing language in s. 787.03(6)(a), F.S., to specify that the exception to prosecution provided in the statute applies to the specific offenses of interference with custody. As currently worded, the statute provides that "this section does not apply" in certain circumstances, which creates ambiguity about the effect of this provision on the application of related provisions in s. 787.03, F.S., such as the public records exemption.

C. SECTION DIRECTORY:

Section 1 amends s. 787.03, F.S., regarding the interference with custody.

SUMMARY ANALYSIS

The Open Government Sunset Review Act requires the Legislature to review each public records and each public meetings exemption five years after enactment. If the Legislature does not reenact the exemption, it automatically repeals on October 2nd of the fifth year after enactment.

Current law provides a third-degree felony for the offense of "interference with custody"; however, a spouse who flees with a child because he or she is the victim of domestic violence or believes the welfare of the child is in danger does not commit a felony of the third degree. The fleeing spouse must file a report with the sheriff's office or the state attorney's office of the county where the child resided at the time he or she was taken. The report must contain the name of the person taking the child, the current address and telephone number of the person and child, and the reasons the child was taken.

In order to conform to changes proposed in PCB GO 06-22, this bill reenacts and expands the public records exemption for the current address and telephone number of the person fleeing with a child and of the child. The bill expands the exemption to include the current address and telephone number of the person fleeing with an incompetent person and of the incompetent person.

The bill provides for future review and repeal of the exemption. It also provides a statement of public necessity as required by the State Constitution, and provides a contingent effective date.

The bill may have a minimal non-recurring fiscal impact on state and local governments.

The bill requires a two-thirds vote of the members present and voting for passage.

In 1974, the Legislature created the offense of interference with custody. At present, there are two variations to the offense:

- It is a third-degree felony for any person, without legal authority, to knowingly or recklessly take a child 17 years of age or under or any incompetent person from the custody of his or her parent, guardian, a public agency in charge of the child or incompetent person, or any other lawful custodian.¹
- It is a third-degree felony, in the absence of a court order determining custody or visitation rights, for a parent, stepparent, guardian, or relative who has custody of a child or incompetent person to take or conceal the child or incompetent person with a malicious intent to deprive another person of his or her right to custody.²

The statute does not apply if a spouse flees with a child or incompetent person because he or she:

- Is the victim of domestic violence or reasonably believes that he or she is about to become a victim of such violence; or
- Believes the welfare of the child or incompetent person is in danger.³

This exception to the statute does not apply to a person fleeing with an incompetent person for the aforementioned reasons.

In order to avail himself or herself of the exception for spouses, a person who takes a child must file a report with the sheriff's office or the state attorney's office of the county where the child resided at the time he or she was taken. Within 10 days of taking the child, the report must be filed and must contain the name of the person taking the child, the current address and telephone number of the person and child, and the reasons the child was taken.⁴ Within a reasonable time, the person also must commence a custody proceeding consistent with the federal Parental Kidnapping Prevention Act or the Uniform Child Custody Jurisdiction and Enforcement Act.⁵

Public Records Exemption

The current address and telephone number of the person taking the child and of the child, which are contained in the report made to the sheriff or state attorney, are confidential and exempt⁶ from public

⁶ There is a difference between records that are exempt from public records requirements and those that are *confidential* and exempt. records requirements.⁷ The public records exemption was scheduled for repeal on October 2, 2005, because of the Open Government Sunset Review Act.⁸ During the 2005 Regular Session, the Legislature reenacted the public records exemption and saved it from repeal. Because the interference with custody statute contained substantive language inconsistencies, the repeal date was extended from October 2, 2005, to October 2, 2006, in order to trigger an additional review of the substantive language.⁹ As a result, the exemption will repeal on October 2, 2006, unless reenacted by the Legislature.

PCB GO 06-22

PCB GO 06-22 revises the interference with custody statute to broaden an existing exception for a spouse who takes a minor during the course of fleeing domestic violence or protecting the welfare of the minor, and reports their whereabouts to the sheriff or state attorney. It provides that the exception is applicable not only to the taking of a minor but also to the taking of an incompetent person. As such, it is recommended that the public records exemption be amended to reflect this change.

Effect of Bill

The bill reenacts and expands the public records exemption to conform to the recommended changes to the interference with custody statute made in PCB GO 06-22. The bill expands the exemption to include the current address and telephone number of the person fleeing with an incompetent person and of the incompetent person. The sheriff or state attorney may allow an agency, as defined in the Public Records Act, to inspect and copy such records in the furtherance of that agency's duties and responsibilities.

The bill extends the repeal date from October 2, 2006, to October 2, 2011. It also provides a statement of public necessity as required by the State Constitution, and provides a contingent effective date.

C. SECTION DIRECTORY:

Section 1 amends s. 787.03, F.S., to reenact and expand the public records exemption regarding the interference with custody.

Section 2 provides a public necessity statement.

Section 3 provides an October 1, 2006, effective date contingent upon the passage of additional legislation.

1. Revenues:

The bill does not create, modify, amend, or eliminate a local revenue source.

2. Expenditures:

See FISCAL COMMENTS.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

None.

D. FISCAL COMMENTS:

The bill may create a minimal non-recurring increase in state and local government expenditures. A bill enacting or amending the public records law causes a non-recurring negative fiscal impact in the year of enactment due to training employees who are responsible for replying to public records requests. In the case of bills reviewed under the Open Government Sunset Review process, training costs are incurred if the bill does not pass or if the exemption is amended, as employees must be retrained. Because the bill expands the public records exemption, employee-training activities are required thus causing a minimal nonrecurring increase in expenditures.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

The bill does not require counties or municipalities to spend funds or to take an action requiring the expenditure of funds. The bill does not reduce the percentage of a state tax shared with counties or municipalities. The bill does not reduce the authority that municipalities have to raise revenue.

2. Other:

Vote Requirement

Article I, s. 24(c) of the State Constitution, requires a two-thirds vote of the members present and voting for passage of a newly created public records or public meetings exemption. The bill *expands* the current exemption, essentially creating a new public records exemption. Thus, the bill requires a two-thirds vote for passage.

Public Necessity Statement

Article I, s. 24(c) of the State Constitution, requires a statement of public necessity (public necessity statement) for a newly created public records or public meetings exemption. The bill *expands* the current exemption, essentially creating a new public records exemption. Thus, the bill includes a public necessity statement.

B. RULE-MAKING AUTHORITY:

The bill does not appear to create, modify, or eliminate rulemaking authority.

C. DRAFTING ISSUES OR OTHER COMMENTS:

Open Government Sunset Review Act

The Open Government Sunset Review Act sets forth a legislative review process for newly created or substantially amended public records or public meetings exemptions. It requires an automatic repeal of the exemption on October 2nd of the fifth year after creation or substantial amendment, unless the Legislature reenacts the exemption.

The Act provides that a public records or public meetings exemption may be created or maintained only if it serves an identifiable public purpose, and may be no broader than is necessary to meet one of the following purposes:

- Allowing the state or its political subdivisions to effectively and efficiently administer a governmental program, which administration would be significantly impaired without the exemption;
- Protecting sensitive personal information that, if released, would be defamatory or would jeopardize an individual's safety. However, only the identity of an individual may be exempted under this provision; or,
- Protecting trade or business secrets.

If, and only if, in reenacting an exemption that will repeal, the exemption is expanded (essentially creating a new exemption), then a public necessity statement and a two-thirds vote for passage are required because of the requirements of Art. 1, s. 24(c), Florida Constitution. If the exemption is reenacted with grammatical or stylistic changes that do not expand the exemption, if the exemption is narrowed, or if an exception to the exemption is created (e.g., allowing another agency access to the confidential or exempt records), then a public necessity statement and a two-thirds vote for passage are not required.

BILL

ORIGINAL

YEAR

A bill to be entitled
An act relating to a review under the Open Government
Sunset Review Act regarding the public records exemption
for the interference with custody statute; amending s.
787.03, F.S.; expanding the public records exemption to
include the address and telephone number of incompetent
persons; providing an exception to the exemption;
providing for future legislative review and repeal of the
exemption; providing a statement of public necessity;
providing a contingent effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (c) of subsection (6) and subsection
(7) of section 787.03, Florida Statutes, are amended to read:

787.03 Interference with custody.--

(6)

(c) 1. ~~The name of the person taking the child and~~ The
current address and telephone number of the person and the minor
or incompetent person which are child that are contained in the
report made to a sheriff or state attorney under paragraph (b)
are confidential and exempt from s. 119.07(1) and s. 24(a), Art.
I of the State Constitution.

2. A sheriff or state attorney may allow an agency, as
defined in s. 119.011, to inspect and copy records made
confidential and exempt under this paragraph in the furtherance
of that agency's duties and responsibilities.

3. This paragraph (7)(a) ~~This section~~ is subject to the
Open Government Sunset Review Act ~~of 1995~~ in accordance with s.

BILL

ORIGINAL

YEAR

119.15 and is repealed on October 2, 2011 ~~2006~~, unless reviewed and saved from repeal through reenactment by the Legislature.

~~(b) Pursuant to s. 119.15, the Division of Statutory Revision is directed to certify this section, in its entirety, in the list of Open Government Sunset Review exemptions to be certified by June 1, 2005.~~

Section 2. The Legislature finds that it is a public necessity to expand the public records exemption for certain information contained in a report to a sheriff or state attorney made by a person who takes a minor in order to escape domestic violence, avoid domestic violence, or preserve the welfare of the minor. If the alleged perpetrator of domestic violence were able to obtain the address and telephone information contained in a report to the sheriff or state attorney, he or she could locate or contact the person who takes a minor and the minor, thus exposing them to potential additional harm. Keeping the address and telephone number of that person and the minor confidential and exempt protects their safety. For the same reasons, the Legislature finds that it is a public necessity to expand this public records exemption to include the taking of an incompetent person within the coverage of the exemption. The underlying offense of interference with custody applies to the taking of an incompetent person as well as to the taking of a person younger than 18 years of age. In addition, the safety of an incompetent person and the person seeking shelter with an incompetent person is as vital as the safety of a minor and a person seeking shelter with a minor. The underlying offense of interference with custody envisions that an incompetent person is as vulnerable as a minor. Therefore, the Legislature finds that the public records

BILL

exemption should apply to the address and telephone number of the person who takes an incompetent person and the incompetent person which are contained in a report submitted to a sheriff or state attorney as prescribed in the interference with custody statute. If persons seeking shelter with minors or incompetent persons knew that their addresses or telephone numbers could be obtained through the reports to the sheriff or state attorney, they would fear for their safety and would unlikely make the required reports, thereby thwarting the public policy of encouraging the resolution of allegations of interference with custody while also protecting individuals from harm. The public records exemption, therefore, principally protects the safety of individuals, but also promotes the effective and efficient administration of the interference with custody statute.

Section 3. This act shall take effect October 1, 2006, if House Bill ____, or similar legislation amending section 787.03, Florida Statutes, is adopted in the same legislative session, or an extension thereof, and becomes law.

SUMMARY ANALYSIS

Concerning the Administrative Procedure Act, the bill makes a number of clarifications, modifications, and amendments to the obligations of the Joint Administrative Procedures Committee (JAPC) and petitioners. Specific examples include aggregating various timeframes in one section; clarifying the definition of, and extending the time for applying for, an 'administrative determination' relating to the challenge of a proposed rule; providing that a proposed rule or provision of a proposed rule declared invalid by an administrative law judge will not be adopted unless reversed on appeal; and providing that the time for filing a petition or request for hearing is extended under certain circumstances ('equitable tolling').

The bill also increases the Department of State's administrative responsibilities regarding the Florida Administrative Code and Florida Administrative Weekly website, requiring that the site enable users to:

- Search for notices by type, publication date, rule number, word, subject, or agency,
- Search a database that makes available all notices published on the website for a period of at least five years,
- Subscribe to an automated e-mail notification of selected notices, and
- View agency forms incorporated by reference in proposed rules.

The bill provides rulemaking authority to the Administration Commission for the purpose of prescribing the form and substantive provisions of a protest bond.

The Department of State has estimated its costs of implementing the website provisions at \$450,000 over a three-year period.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide limited government – The bill requires the Department of State to publish on an Internet website the Florida Administrative Weekly (FAW) accessible free of charge to the public, and to continue publishing the FAW in print format.

The bill increases the rulemaking authority of the Administration Commission for the limited purpose of prescribing the form and substantive provisions of bid-protest bonds.

B. EFFECT OF PROPOSED CHANGES:

Administrative Procedures Act

Background

The Administrative Procedure Act (APA)¹ allows persons substantially affected by the preliminary decisions of administrative agencies to challenge those decisions. The Division of Administrative Hearings (DOAH), which consists of an independent group of administrative law judges, conducts hearings under chapter 120, F.S., when certain agency decisions² are challenged by substantially affected persons.³

Current law provides that a person substantially affected by a rule or proposed rule may file a petition seeking an administrative determination of the invalidity of a rule or proposed rule on the ground that the rule is an invalid exercise of delegated legislative authority. It also provides a mechanism for a substantially affected person to seek an administrative determination that an agency statement of generally applicable policy should have been adopted as a rule.⁴

A party wishing to challenge an agency determination of his or her substantial interests must file a petition for hearing with the agency. The agency must then request, from DOAH, an administrative hearing within 15 days. The APA also provides notice and pleading requirements, and the time parameters within which a final order must be completed.⁵

Current law requires the Administration Commission⁶ to enact uniform rules of procedure governing the Division of Administrative Hearings. These uniform rules of procedure are analogous to the Florida Rules of Civil Procedure, used by the judicial branch. Legislation passed in 1998⁷ clarified that the uniform rules of procedure for the filing of all petitions for administrative hearing under ss. 120.569 or 120.57, F.S., must include:

- The identification of the petitioner;
- A statement of when and how the petitioner received notice of the agency's action or proposed action;
- An explanation of how the petitioner's substantial interests are or will be affected by the action or proposed action;
- A statement of all material facts disputed by the petitioner or a statement that there are no disputed facts;

¹ Ch. 120, F.S.

² For example, rules and determinations of a party's substantial interest.

³ DOAH proceedings are conducted like nonjury trials and are governed by chapter 120, F.S.

⁴ Sec. 120.56, F.S.

⁵ Sec. 120.569, F.S.

⁶ The Governor and the Cabinet make up the members of the Administrative Commission. Sec. 14.202, F.S.

⁷ Ch. 1998-200, Laws of Florida, sec. 3.

- A statement of the ultimate facts alleged, including a statement of the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action;
- A statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes;⁸ and
- A statement of the relief sought by the petitioner, stating precisely the action the petitioner wishes the agency to take with respect to the proposed action.⁹

There is a Joint Administrative Procedures Committee (JAPC), within the Legislature, made up of six members; three members of the House of Representatives and three members of the Senate. JAPC undertakes and maintains a systematic and continuous review of the statutes authorizing agencies to adopt rules. It makes recommendations to the appropriate standing committees of the Legislature regarding delegated legislative authority to adopt rules.¹⁰

Effect of Bill

Duties of JAPC

The bill requires JAPC to maintain a continuous review of statutes that authorize agencies to adopt rules and to make recommendations to appropriate standing committees. It removes the requirement that the committee “undertake a systematic review” of the statutes. According to JAPC, it is a more efficient use of committee resources to review statutes in the course of the rule review process.

Agency Forms

The bill locates all important rulemaking timeframes and deadlines in one section of the APA for improved accessibility.

Appeal of Administrative Determinations

The bill further provides that the filing of a petition for administrative determination of a proposed rule must toll the 90-day period during which a rule must be filed for adoption until 30 days after rendition of the final order, or until any judicial review of the final order is complete. Unless the decision of the administrative law judge is reversed on appeal, the proposed rule or provision of a proposed rule declared invalid will not be adopted. It clarifies that the term “administrative determination” does not include subsequent judicial review.

Petitions for Administrative Hearing

The bill grants rulemaking authority to the Administration Commission to create a separate set of pleading requirements for those hearings filed by the respondent in an agency enforcement or disciplinary action. Uniform rules for this type of request require:

- The name, address and telephone number of the party making the request and the name, address and telephone number of the party's counsel or qualified representative upon whom service of pleadings and other papers will be made;
- A statement that the respondent is requesting an administrative hearing and disputes the material facts alleged by the petitioner, in which case the respondent must identify those material facts that are in dispute, or that the respondent is requesting an administrative hearing and does not dispute the material facts alleged by the petitioner; and
- A reference by file number to the administrative complaint that the party has received from the agency, and the date on which the agency pleading was received.

⁸ The underlined text was not part of the 1998 amendment, but was inserted by Ch. 2003-94, Laws of Florida, sec. 2.

⁹ Sec. 120.54(5)(b)4., F.S.

¹⁰ Sec. 11.60, F.S.

The pleading requirements are codified in the Florida Administrative Code at Uniform Rule 28-107.004(3), F.A.C., which was promulgated *before* the 1998 legislative amendment. The rulemaking authority granted to the Administration Commission serves to resolve the confusion between rule and statute.

Equitable Tolling

The bill extends the deadline for filing a petition, if the petitioner has:

- Been misled or lulled into action;
- In some extraordinary way been prevented from asserting his or her rights; or
- Timely asserted his or her rights mistakenly in the wrong forum.

As per JAPC, these changes address concerns expressed in recent judicial decisions and by the administrative law judges and practitioners.

Bid Protest Bonds

The bill provides rulemaking authority to the Administration Commission (the Cabinet serves as the commission) for the purpose of prescribing the form and substantive provisions of a bond required pursuant to a bid protest. According to JAPC, the Administration Commission has already adopted such form; however, the commission did not have proper rulemaking authority. This change merely puts the commission's rule in compliance with the Florida Statutes.

Current law requires an agency to include in its notice of a decision or intended decision concerning a solicitation, contract award, or exceptional purchase the following statement: "Failure to file a protest within the time prescribed in section 120.57(3), Florida Statutes, shall constitute a waiver of proceedings under chapter 120, Florida Statutes." The bill requires that the notice also state that "failure to post the bond or other security required by law within the time allowed for filing a bond" constitutes a waiver of proceedings under the APA.

Report of Agency Review of Rules

The bill requires each agency to file its report of the agency's formal rule review to JAPC in addition to the President of the Senate and the Speaker of the House of Representatives.

Florida Administrative Weekly and Florida Administrative Code

Background

Current law requires the Department of State (DOS) to publish rulemaking and public meetings notices, and various other materials filed by the state's administrative agencies, in the *Florida Administrative Weekly* (FAW).¹¹ DOS contracts with LexisNexis Matthew Bender for publication of the FAW in a printed format.¹² The FAW is published on Fridays and distributed for free to administrative agencies, courts, libraries, law schools, and legislative offices. The FAW has approximately 369 paid subscribers.¹³ In addition to the paper version, DOS also posts copies of the FAW on its Internet website accessible to the public free of charge.

DOS is required to publish the Florida Administrative Code (FAC), which contains all rules adopted by agencies, together with references to rulemaking authority and history notes. The FAC must be

¹¹ According to DOS, approximately 600 entities publish notices in the FAW. These entities include state agencies, other units of state and local governments, and nongovernmental entities. Email from Dep't. of State, Feb. 9, 2006.

supplemented at least monthly.¹⁴ DOS also contracts with LexisNexis Matthew Bender for the printing of the FAC.

Current law creates the Publication Revolving Trust Fund, and specifies that all fees and moneys collected by DOS under the Administrative Procedure Act (APA) be deposited in the fund for the purpose of paying for the publication of the FAC and FAW, and for associated costs incurred by DOS in administering APA requirements. Unencumbered balances at the beginning of each fiscal year, which exceed \$300,000, are transferred to the General Revenue Fund.¹⁵

DOS is authorized to: (a) make subscriptions of the FAW available for a price computed as a pro rata share of 50 percent of the costs related to the publication of the FAW; and (b) charge agencies using the FAW a space rate (line charge) computed to cover a pro rata share of 50 percent of the costs related to publication of the FAW.¹⁶ Subscription fees charged to FAW subscribers are retained by the publisher as compensation for printing the FAW. DOS does not receive royalties from FAW subscriptions.

Internet Publication Pilot Project

In 2001, the Legislature authorized the Department of Environmental Protection (DEP) and the State Technology Office (STO) to establish an Internet publication pilot project for the purpose of determining the cost-effectiveness of publishing administrative notices on the Internet, rather than in the FAW, and to submit a report containing findings regarding the cost-effectiveness of Internet publication.¹⁷ The report indicated that DEP paid \$44,179 for FAW line charges during calendar year 2001 and would have paid approximately \$32,100 for FAW line charges during calendar year 2002 if Internet publication had not been permitted. Nonrecurring costs to establish Internet publication were \$10,200 to develop the computer software application, and \$20,000 to program the e-mail registration service enhancement. The report indicated that the computer software application may be shared with other agencies at no cost and recommended that the Legislature permit all agencies to elect Internet publication in lieu of publication in the paper version of the FAW, given the potential for substantial agency savings.¹⁸

2003 Interim Study on FAW Internet Noticing

During the 2003 Legislative Interim, the Joint Administrative Procedures Committee studied the feasibility of Internet noticing for all state agencies and other entities that advertise in the FAW.¹⁹ In October 2003, the results were published in the "Report on Internet Noticing of the Florida Administrative Weekly." The report recommended that the FAW be published on a centralized website managed by DOS. Further, it was recommended that the space rate charge continue to be collected by DOS to fund its functions related to publication of the FAW and FAC.

Effect of Bill

The bill requires DOS, effective December 31, 2007, to publish electronically the FAW on an Internet website managed by the department, which will serve as the official Internet website for such publication. The website is free to the public and must allow users to:

- Search for notices by type, publication date, rule number, word, subject, or agency.
- Search a database that makes available all notices published on the website for a period of at least five years.

- Subscribe to an automated e-mail notification of selected notices.
- View agency forms incorporated by reference in proposed rules.

The bill requires DOS to continue to publish the printed version of the FAW and to make copies available on an annual subscription basis.

The bill:

- Requires DOS to review agency notices for compliance with format and numbering requirements before publication on the FAW Internet website.
- Extends the DEP Internet Publication Pilot Project from its current termination date of July 1, 2006, to December 31, 2007, when Internet publication of the FAW is required to begin.
- Requires DOS to make training courses available to assist agencies in the transition to publication on the FAW Internet website.

The bill removes current requirements that the annual subscription price and the space rate be computed to cover only costs related to the FAW. Instead the space rate that may be charged is to cover the costs related to the FAW and the FAC, and no exact basis for determining an annual subscription price for the printed FAW is specified. It also amends current law to provide that the trust fund shall fund the costs incurred by the DOS in carrying out the APA.

The bill provides that agency forms incorporated by reference into a rule noticed pursuant to s. 120.55(1)(a), F.S., after December 31, 2007, must clearly display the number, title, and effective date of the form and the number of the rule in which the form is incorporated. It requires the FAW to contain: (1) the text of all proposed rules, rather than permitting a reference to that text in a prior edition of the FAW; and (2) a cumulative list of all rules that have been proposed, but not filed for adoption. The bill requires an agency, upon request, to provide copies of its rules with citations to, "the grant of rulemaking authority and the specific law implemented for each rule." It also requires DOS to maintain a permanent record of all notices published in the FAW.

The bill does not preclude publication of FAW materials on an agency's website or by other means.

C. SECTION DIRECTORY:

Section 1 amends s. 11.60, F.S., revising duties of the Joint Administrative Procedures Committee.

Section 2 amends s. 120.54, F.S., relating to rulemaking and rule adoption procedures.

Section 3 amends s. 120.55, F.S., requiring Internet publication of the FAW.

Section 4 amends s. 120.551, F.S., postponing the repeal of the section.

Section 5 amends s. 120.56, F.S., revising provisions relating to withdrawal of challenged rules.

Section 6 amends s. 120.569, F.S., prescribing circumstances under which the time for filing a petition for hearing must be extended.

Section 7 amends s. 120.57, F.S., requiring that additional information be included in notices relating to protests of contract solicitations or awards.

Section 8 amends s. 120.74, F.S., requiring agency reports to be filed with the Joint Administrative Procedures Committee, in addition to the President and Speaker.

Section 9 requires DOS to provide certain assistance to agencies in their transition to publishing on the FAW Internet website.

Section 10 provides an effective date of July 1, 2006, unless otherwise expressly provided.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

It has not been determined how much money agencies will save after the second year that the FAW Internet website is operational.

2. Expenditures:

It is estimated that the FAW Internet website will require a non-recurring cost over three years of \$450,000 for DOS to comply with the proposed implementation timeline.²⁰ Per DOS, the Records Management Trust Fund cash balance and anticipated revenue is sufficient to support this project.²¹

DOS indicates that it will continue to charge 99 cents per line to agencies using the FAW from now through the second year that the FAW Internet website is operational. DOS also states that these revenues will be used to fund all costs associated with the Law, Code, and Administrative Weekly section within the Division of Library and Information Services.²²

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

This bill does not create, modify, amend, or eliminate a local revenue source.

2. Expenditures:

Per DOS, local governments' advertising on the FAW Internet website would pay the current space rate charge of 99 cents per line until implementation of the new services is complete.²³

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

Currently, DOS publishes the FAW on its Internet website. The website is accessible by the public free of charge, but cannot be searched by topic. The bill provides for a free, fully searchable FAW Internet website, the ability for users to have selected notices e-mailed to users, and the ability for users to access forms incorporated by reference in rules. Accordingly, the bill will provide the public with greater access to the FAW and with advanced search capabilities.

D. FISCAL COMMENTS:

None.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

Pursuant to Art. VII, s. 18 of the Florida Constitution, the Legislature may not pass a law requiring a county or municipality to spend funds unless an appropriation of sufficient funding is provided. Any requirement to pay associated with this bill, however, is anticipated to have an insignificant fiscal impact (less than \$1.7 million). Thus, the bill appears to be exempt from the constitutional mandate funding requirements.

B. RULE-MAKING AUTHORITY:

The bill provides rulemaking authority to the Administration Commission for the purpose of prescribing the form and substantive provisions of a protest bond. The bond form currently exists in rule;²⁴ however, there has been an outstanding objection from the Joint Administrative Procedures Committee since its promulgation.²⁵ The rulemaking authority granted by the bill specifically addresses the JAPC objection.

The bill provides additional rulemaking authority regarding one particular class of respondents requesting an administrative hearing. The Administration Commission currently has rulemaking authority to promulgate uniform rules applicable to requests for administrative hearings under ss. 120.569 and 120.57, F.S. The additional authority granted in this bill specifies the pleading requirements for a respondent requesting an administrative hearing as part of an agency enforcement or disciplinary action.

Section 1. Subsection (4) of section 11.60, Florida Statutes, is amended to read:

11.60 Administrative Procedures Committee; creation; membership; powers; duties.--

(4) The committee shall ~~undertake and~~ maintain a ~~systematic and~~ continuous review of statutes that authorize agencies to adopt rules and shall make recommendations to the appropriate standing committees of the Senate and the House of Representatives as to the advisability of considering changes to the delegated legislative authority to adopt rules in specific circumstances. The annual report submitted pursuant to paragraph (2)(f) shall include ~~a schedule for the required systematic review of existing statutes, a summary of the status of this review, and~~ any recommendations provided to the standing committees during the preceding year.

120.54 Rulemaking.--

(3) ADOPTION PROCEDURES.--

(e) Filing for final adoption; effective date.--

1. If the adopting agency is required to publish its rules in the Florida Administrative Code, it shall file with the Department of State three certified copies of the rule it proposes to adopt, a summary of the rule, a summary of any hearings held on the rule, and a detailed written statement of

the facts and circumstances justifying the rule. Agencies not required to publish their rules in the Florida Administrative Code shall file one certified copy of the proposed rule, and the other material required by this subparagraph, in the office of the agency head, and such rules shall be open to the public.

2. A rule may not be filed for adoption less than 28 days or more than 90 days after the notice required by paragraph (a), until 21 days after the notice required by paragraph (d), until 14 days after the final public hearing, until 21 days after preparation of a statement of estimated regulatory costs required under s. 120.541, or until the administrative law judge has rendered a decision under s. 120.56(2), whichever applies.

~~Filings shall be made no less than 28 days nor more than 90 days after the notice required by paragraph (a).~~ When a required notice of change is published prior to the expiration of the time to file the rule for adoption, the period during which a rule must be filed for adoption is extended to 45 days after the date of publication. If notice of a public hearing is published prior to the expiration of the time to file the rule for adoption, the period during which a rule must be filed for adoption is extended to 45 days after adjournment of the final hearing on the rule, 21 days after receipt of all material authorized to be submitted at the hearing, or 21 days after receipt of the transcript, if one is made, whichever is latest. The term "public hearing" includes any public meeting held by any agency at which the rule is considered. The filing of a petition for an administrative determination under the provisions of s. 120.56(2) shall toll the 90-day period during which a rule must be filed for adoption until 30 days after rendition of the final order or until

judicial review of the final order is complete ~~the administrative law judge has filed the final order with the clerk.~~

3. At the time a rule is filed, the agency shall certify that the time limitations prescribed by this paragraph have been complied with, that all statutory rulemaking requirements have been met, and that there is no administrative determination pending on the rule. For the purposes of this paragraph, the term "administrative determination" does not include subsequent judicial review.

4. At the time a rule is filed, the committee shall certify whether the agency has responded in writing to all material and timely written comments or written inquiries made on behalf of the committee. The department shall reject any rule not filed within the prescribed time limits; that does not satisfy all statutory rulemaking requirements; upon which an agency has not responded in writing to all material and timely written inquiries or written comments; upon which an administrative determination is pending; or which does not include a statement of estimated regulatory costs, if required.

5. If a rule has not been adopted within the time limits imposed by this paragraph or has not been adopted in compliance with all statutory rulemaking requirements, the agency proposing the rule shall withdraw the rule and give notice of its action in the next available issue of the Florida Administrative Weekly.

6. The proposed rule shall be adopted on being filed with the Department of State and become effective 20 days after being filed, on a later date specified in the rule, or on a date required by statute. Rules not required to be filed with the Department of State shall become effective when adopted by the

agency head or on a later date specified by rule or statute. If the committee notifies an agency that an objection to a rule is being considered, the agency may postpone the adoption of the rule to accommodate review of the rule by the committee. When an agency postpones adoption of a rule to accommodate review by the committee, the 90-day period for filing the rule is tolled until the committee notifies the agency that it has completed its review of the rule.

(5) UNIFORM RULES.--

(b) The uniform rules of procedure adopted by the commission pursuant to this subsection shall include, but are not limited to:

1. Uniform rules for the scheduling of public meetings, hearings, and workshops.

2. Uniform rules for use by each state agency that provide procedures for conducting public meetings, hearings, and workshops, and for taking evidence, testimony, and argument at such public meetings, hearings, and workshops, in person and by means of communications media technology. The rules shall provide that all evidence, testimony, and argument presented shall be afforded equal consideration, regardless of the method of communication. If a public meeting, hearing, or workshop is to be conducted by means of communications media technology, or if attendance may be provided by such means, the notice shall so state. The notice for public meetings, hearings, and workshops utilizing communications media technology shall state how persons interested in attending may do so and shall name locations, if any, where communications media technology facilities will be available. Nothing in this paragraph shall be construed to

Limiting points of access to public meetings, hearings, and workshops subject to the provisions of s. 286.011 to places not normally open to the public shall be presumed to violate the right of access of the public, and any official action taken under such circumstances is void and of no effect. Other laws relating to public meetings, hearings, and workshops, including penal and remedial provisions, shall apply to public meetings, hearings, and workshops conducted by means of communications media technology, and shall be liberally construed in their application to such public meetings, hearings, and workshops. As used in this subparagraph, "communications media technology" means the electronic transmission of printed matter, audio, full-motion video, freeze-frame video, compressed video, and digital video by any method available.

3. Uniform rules of procedure for the filing of notice of protests and formal written protests. The Administration Commission may prescribe the form and substantive provisions of a required bond.

g. A statement of the relief sought by the petitioner, stating precisely the action petitioner wishes the agency to take with respect to the proposed action.

5. Uniform rules for the filing of request for administrative hearing by a respondent in agency enforcement and disciplinary actions. Such rules shall require a request to include:

207 respondent's use in requesting a hearing, so long as any form
208 provided by the agency calls for the information in 5.a. through
209 c. above, and does not impose any additional requirements on a
210 respondent in order to request a hearing, unless such
211 requirements are specifically authorized by law.

212 6. Uniform rules of procedure for the filing and prompt
213 disposition of petitions for declaratory statements.

SUMMARY ANALYSIS

This proposed House combined bill is being considered by the Governmental Operations Committee pursuant to House Rule 7.9(c). The substance of the bill is drawn from HB 117 by Representative Coley and HB 477 by Representative Ausley.

This bill makes a number of changes relating to the per diem and travel expenses of public officers, employees, and authorized persons:

- Revises the legislative intent;
- Changes the rate of per diem from the 1981 rate of \$50 to \$XX;
- Increases the subsistence reimbursement for meals from the 1981 rates: \$3 to \$X for breakfast, \$6 to \$X for lunch, and \$12 to \$XX for dinner;
- Raises the mileage allowance for use of a privately owned vehicle from 29 cents per mile, which was established in 1994, to XX cents per mile;
- Authorizes counties, county officers, district school boards, and special districts to establish per diem and subsistence rates as long as those rates are not less than the rates currently in effect; and
- Removes duplicative or incorrect language and makes minor grammatical changes.

The bill does not appear to create, modify, or eliminate rulemaking authority.

This bill appears to have a fiscal impact on state government expenses, but the extent of this impact is unknown. This bill does not appear to have a fiscal impact on local governments.

This document does not reflect the intent or official position of the bill sponsor or House of Representatives.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide limited government – The bill increases the standard per diem, subsistence, and mileage rates for public officers, public employees, or authorized persons performing authorized travel.

B. EFFECT OF PROPOSED CHANGES:

Section 112.061, Florida Statutes (2005), sets forth the per diem and travel expenses of public officers,¹ employees,² and authorized persons³ when performing authorized travel.⁴

A version of this section was first enacted by the Legislature in 1945.⁵ Much of the current form of this section, however, dates back to 1963.⁶

This bill changes seven aspects of section 112.061, Florida Statutes: (1) legislative intent, (2) authority to incur travel expenses, (3) Class C travel reimbursement, (4) rates of per diem and subsistence allowance, (5) transportation reimbursement, (6) travel authorization and voucher forms, and (7) applicability to certain local government entities.

Legislative Intent

Subsection (1) of section 112.061, Florida Statutes sets forth the legislative intent. It recognizes the existence of “inequities, conflicts, inconsistencies, and lapses in the numerous laws regulating or attempting to regulate travel expenses of public officers, employees, and authorized persons in the state.” The expressed intent of the Legislature is to remedy these inequities, conflicts, inconsistencies, and lapses by establishing uniform maximum rates applicable to all public officers, employees, and authorized persons whose travel expenses are paid by a public agency, along with limitations and exceptions.⁷

This subsection also sets forth the legislative intent to preserve standardization and uniformity by prevailing over any conflicting provisions in special law, local law, or general law – unless the general law contains a specific exemption.⁸

This bill changes the legislative intent to provide that the purpose is to *prevent* the inequities, conflicts, inconsistencies, and lapses. The bill replaces the term “uniform maximum rates” with the term

¹ Fla. Stat. § 112.061(2)(c) (2005) (“An individual who in the performance of his or her official duties is vested by law with sovereign powers of government and who is either elected by the people, or commissioned by the Governor and has jurisdiction extending throughout the state, or any person lawfully serving instead of either of the foregoing two classes of individuals as initial designee or successor.”)

² Fla. Stat. § 112.061(2)(d) (2005) (“An individual, whether commissioned or not, other than an officer or authorized person as defined herein, who is filling a regular or full-time authorized position and is responsible to an agency head.”)

³ Fla. Stat. § 112.061(2)(e) (2005) (“A person other than a public officer or employee as defined herein, whether elected or commissioned or not, who is authorized by an agency head to incur travel expenses in the performance of official duties; a person who is called upon by an agency to contribute time and services as consultant or adviser; or a person who is a candidate for an executive or professional position.”)

⁴ Fla. Stat. § 112.061(2)(f) (2005) (“Traveler--A public officer, public employee, or authorized person, when performing authorized travel.”)

“standard travel reimbursement rates.”⁹ The bill also recognizes the procedures and exemptions provided by section 112.061, Florida Statutes.

Authority to Incur Travel Expenses

Subsection (3) relates to the authority to incur travel expenses. The only changes the bill makes to this subsection are to remove an unnecessary reference to “authorized persons” in the paragraph on costs of per diem of travelers¹⁰ for foreign travel and to make a conforming change to the word “maximum” (to “rate”) in the paragraph related to the Department of Health.

Class C Travel Reimbursements

Section 112.061, Florida Statutes, recognizes three types of travel:

- Class A travel is continuous travel of 24 hours or more away from official headquarters.¹¹
- Class B travel is continuous travel of less than 24 hours which involves overnight absence from official headquarters.¹²
- Class C travel is travel for short or day trips where the traveler is not away from his or her official headquarters overnight.¹³

Yet, since 2001, the Legislature has eliminated reimbursement for Class C (short or day trips) travel for “state travelers” through the implementing bill for the General Appropriations Act¹⁴:

For the 2005-2006 fiscal year only and notwithstanding the other provisions of this subsection, for Class C travel, a state traveler shall not be reimbursed on a per diem basis nor shall a traveler receive subsistence allowance. This paragraph expires July 1, 2006.¹⁵

This bill removes the two expiring references, which currently eliminate Class C travel (short or day trips) reimbursement for state travelers.

Rates of Per Diem and Subsistence Allowance

Subsection (6) relates to rates of per diem and subsistence allowance. When traveling as Class A travel (24 hours or more) or Class B travel (less than 24 hours, but overnight) to a convention or conference or within or outside the state on state business, travelers are currently allowed to choose one of two types of “subsistence” reimbursements: (1) a \$50 per diem; or (2) actual expenses for lodging at a single-occupancy rate and a set reimbursement for meals, if actual expenses exceed \$50.¹⁶ The meal reimbursement rate is the same as that set for Class C (short or day trips): \$3 for breakfast, \$6 for lunch, and \$12 for dinner.¹⁷ These meal and per diem rates were established in 1981.¹⁸

⁹ As discussed in the section on Applicability to Certain Local Governments, section 112.061, Florida Statutes, no longer governs the per diem and travel expenses of municipalities. Counties, certain county constitutional officers, district school boards, and special districts will also have considerably more latitude in setting their own per diem and subsistence reimbursement rates under the provisions of this bill. As such, section 112.061, Florida Statutes, does not establish a “uniform maximum rate” as much as it establishes state “standard travel reimbursement rates.”

¹⁰ The definition of “traveler” includes “authorized person,” *supra* note 4.

¹⁸ Ch. 81-207, Laws of Fla.

This bill increases the per diem rate to \$XX and increases the subsistence reimbursement rate for meals: \$X for breakfast, \$X for lunch, and \$XX for dinner.

Transportation Reimbursement

Subsection (7) relates to transportation and permits the use of privately owned vehicles for official travel instead of publicly owned vehicles or common carriers.¹⁹ Travel using a privately owned vehicle is reimbursed at a fixed rate of 29 cents per mile or the common carrier fare for such travel.²⁰ The current mileage reimbursement rate was established in 1994.²¹

This bill increases the mileage allowance for travel using a privately owned vehicle to XX cents per mile²² and makes it an economical determination by the agency head to pay the common carrier fare instead.

Travel Authorization and Voucher Forms

Subsection (11) relates to travel authorization and voucher forms. This bill makes minor grammatical changes to this subsection.

Applicability to Certain Local Government Entities

Subsection (14) was added to section 112.061, Florida Statutes, in 2003.²³ This subsection allows the counties, county constitutional officers, district school boards, and independent special districts to establish rates that *exceed* the maximum travel reimbursement rates. By contrast, section 166.021, Florida Statutes, which was also created in 2003, authorizes municipalities to establish a per diem and travel expense policy and exempts those municipalities who do establish such a policy from the provisions of section 112.061, Florida Statutes.²⁴

This bill allows counties, county constitutional officers, district school boards, and independent special districts to establish per diem and subsistence rates which vary from section 112.061, Florida Statutes, as long as those rates are not less than the rates in effect for the 2005-2006 fiscal year: \$50 for per diem, \$3 for breakfast, \$6 for lunch, and \$12 for dinner.

C. SECTION DIRECTORY:

Section 1: Amends section 112.061, Florida Statutes, related to the per diem and travel expenses of public officers, employees, and authorized persons.

Section 2: Provides an effective date of July 1, 2006.
